passed the School Final Examination, it is a point for consideration whether the suggestion made by the Sanitary Commissioner has to be approved only in the case of 3 candidates.

Submitted for orders

2 The basis of selection should apply to all candidates seeking admission. There can be no objection to a larger no. of students being taken on as para 3 (a) of G.O. of 21.5.15 provides for eliminations later on. The G.O. does not besides limit the no. of admissions to 20: It only prescribes the minimum.

3 The proposals may be approved

Sd 16/6

4 There is no necessity for any elimination unless the candidates are not able to understand the subjects or show any tendency to improve.

5 If approved, draft-approving Mr. recommendation will be put up

Sir,

P

With reference to Government Order No. 9179-88 Sany. 100-13-8 dated the 21st May 1915, I have the honor to state that a Committee consisting of Mr. V. Subramanya Iyer, the Deputy Sanitary Commissioner and myself sat at 2 P.M. on Saturday the 12th Instant to select candidates for admission into the Sanitary Inspectors' Class. Only 9 among the 35 candidates having passed the Matriculation or the Mysore ~~School~~ Secondary School Leaving Certificate Examination, it was suggested by Mr. Subramanya Iyer that the selection may be extended to candidates who though not possessing the Secondary School Leaving Certificate had obtained not less than 33¼% marks in English at the final public Examination. This suggestion was adopted by the Committee subject to approval by Government.

2. Mr. Subramanya Iyer further suggested that in order that the number of students may not fall short of 20 in the event of any of the candidates selected failing to join the class, a batch of 25 candidates be selected for admission, on the express understanding that after one month from the commencement of the session only 20 students would be allowed to continue in the class, according to the rank they get in a competitive Examination
